I asked the sheikh may Allah protect him if a person was studying outside of syria and wishes to make Hijra to idlib and has loans with interest rates does he have to pay them?

The Sheikh replied that if the loan is from the banks and does not effect your family or gets passed down to them then he does not have to pay them

I dunno what to do if I should continue to ask questions to see if she's a spy or just drop her completely... but Yusuf said that brother you gave us had very good information and so we are going to use him to help us... Yusuf agreed that changing up our plan and going onto Italy then to Turkey is probably best. We're like 800ds short for us to make that change so we're trying to figure that part out still inshallah... but I wanted to put your mind and worries at ease. We're not telling anyone of our

change, and Yusuf is just telling the London brother that we're gonna wait a little while longer. I guess I just wanted to say thank you and May Allah reward you for your guidance and protection. Ameen. You've always been such a good friend and sister to me... I just wanted to let ya know to put your mind and heart at ease... please make dua for his safe trip next week inshallah
